Interests

I love exploring new ideas through technology — whether it's building something creative with code or learning how things work behind the scenes. I'm passionate about web design, app logic, and automation with Python. Beyond coding, I enjoy discovering new tools, listening to music that sparks creativity, and collaborating

PROFILE

I am a highly proficient graphic designer with over three years of experience working in various companies. Throughout my career, I have consistently demonstrated reliability, competence, and a focused approach to my work. I have successfully led numerous graphic design projects across diverse areas, including marketing, web design, and other related disciplines. My expertise encompasses a wide range of design tasks, ensuring high-quality results that meet the unique needs of each project and client.

EDUCATION HISTORY

Diploma in Engineering, CST

Barguna polytechnic institute
